

VT- B05

Stainless Steel Explosion Proof Bracket

Features

- suitable for all PTZ and pan & tilt
- adopt 304 stainless steel, Corrosion resistant (316, 316L Optional)
- Flame resistance, oil resistance, water resistance, abrasion resistance, well-aging

VT-B05 Stainless Steel Explosion Proof Bracket

Apply to loading Ex-proof Camera, etc.
 Flame resistance, oil resistance, water resistance, abrasion resistance, well-aging resistance, improve the structural reliability.
 adopt 304 stainless steel Corrosion resistant.
 24 hours Indoor/outdoor use.
 Different sizes/Materials can be customized.

Carry Capacity	≤50
Material	304 stainless steel
external dimension	505mm*180mm*150mm
weight	≤5kg
