

VT-PR1-304

Stainless Steel Explosion Proof Flexible Pipe

Features

- Different sizes/ Material can be customized
- Well design for Explosion-proof, anti-corrosion, waterproof, Indoor / outdoor use
- Flame resistance, oil resistance, water resistance, abrasion resistance, ageing resistance, good flexible, firm structure and improve the reliability

VT-PR1-304
Stainless Steel Explosion Proof Flexible Pipe

Flame resistance, oil resistance, water resistance, abrasion resistance, aging resistance, good flexible, firm structure and improve reliability.
Well design for Explosion-proof, anti-corrosion, waterproof, indoor/outdoor use.
Different sizes/Materials can be customized.

threaded fittings size: 3/4" - 3/4", inner dia 20mm, length: 1.0 m

threaded fittings size: 3/4"-20*1.5mm, inner dia 18mm, length 1.0 m
